

Required Forms and Documentation – Certificate Students

Summary

As a new student, you must complete several requirements prior to your enrollment, including:

- Student Health Immunizations
- UMSON Compliance documents

Deadline

You will need to complete these requirements by **May 1, 2017** for the summer 2017 term and **August 10, 2017** for the fall 2017 semester.

UMSON's compliance deadline takes precedence over Student Health Center deadlines.

Process:

UMSON uses the Maryland Hospital Association's designated vendor, Castle Branch, to manage and review student immunizations, compliance documents, background checks, and drug testing. You will order two packages from Castle Branch; using the same email address will connect your profile.

1. Order the Medical Document Manager package (UP93im) from the Student Health Castle Branch portal.

- You will need your Student ID number or "@ number" from your acceptance letter or from your SURFS account.
- Go to <https://portal.castlebranch.com/UP92>.
- Choose *Place Order*.
- Choose *Please Select* and then choose Family Medicine.
- Select *School of Nursing*.
- Choose *I need to order my Medical Document Manager*.

2. Order the I Am a New Student in My UMB Program package (UH19im) from the UMSON Castle Branch portal. You are responsible for costs associated with compliance.

- Go to <http://umaryland.castlebranch.com/>.
- Choose *Place Order*.
- Select *School of Nursing*.
- Select *I am a Student*.
- Choose your program from the menu.
- Select your package from the drop-down menu.
- On the following screen, review the contents of your package and check the box that indicates that you have read, understand, and agree to the terms and conditions.
- You are now ready to get started with your order. Choose *Continue Order* and you will be directed to set up your myCB account.

3. Provide evidence of completion of items outlined in the Requirements section below.

Requirements

UMSON does not require students to undergo a background check and drug screen; however, the hospitals associated with our clinical education programs do. Students must have completed a background check and drug test by the compliance deadline to be eligible to register and/or attend clinical/practicum.

1. Immunizations

- › See the compliance self-tracker below for list of requirements.
- › Immunizations should be completed by orientation.
- › You **do not** need to submit this document; use the self-tracker as a tool to maintain compliance.

2. Other Compliance Documents

- › CPR certification:
American Red Cross or American Heart Association Healthcare Provider certification
- › RN's only: Active US RN license
- › HIPAA Certification
- › Code of Conduct

Compliance Self Tracker

Compliance Requirement	Date completed (last update to CB)	Renewal Date
Background Check (not required for CWO) † Done at beginning of program for UMSON, however some sites may require an update		
Drug Screen (not required for CWO) † 10-panel drug test required † Must be done at LabCorp or Quest Diagnostics facility
