Dear Students,

To facilitate the compliance process, we have implemented standard compliance deadlines for each semester. For the spring 2024 semester, the compliance deadline is **Dec. 31, 2023**. We have listed the standard deadlines on the Compliance webpage for your reference.

To answer questions and provide an overview of the compliance process, we will host three virtual sessions prior to the compliance deadline. These sessions will not be recorded. You are encouraged to attend, as some of the questions from your peers may be applicable to your situation.

If you cannot attend any of the sessions or have additional questions, please contact nrscompliance@umaryland.edu. The information for the virtual sessions is listed below.
